

AGRI+ PRESSURE COMPENSATING DRIP EMITTER

AGRI+EMITTERS

Pressure compensating drip emitter. Available with and without the ROOTGUARD® Bugcap. Easy to install. This versatile button can be punched directly onto standard size tubing (3/8", 1/2", or 3/4") or at the end of 1/4" (.170" ID) spaghetti tubing.

ITEM NUMBER	NOMINAL FLOW RATE	COLOR	DESCRIPTION	MINIMUM QTY.
AGRI+05	0.5 gph	Red	without Bugcap	100
AGRI+10	1.0 gph	Black	without Bugcap	100
AGRG 05	0.5 gph	Red	with Bugcap	100
AGRG 10	1.0 gph	Black	with Bugcap	100

ROOTGUARD® BUGCAPS

ROOTGUARD® impregnated bugcaps allow pressure compensating button emitters to be installed underground without the risk of clogging caused by root intrusion, dirt suckback, and insects.

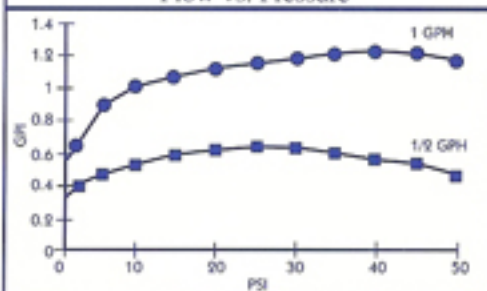

ITEM NUMBER	NOMINAL FLOW RATE	COLOR	TUBING DIAMETER	MINIMUM QTY.
RGBC	—	Black	Fits standard 0.18" nipple.	100

Maximum Recommended Length of Run (Feet)
